MedMij

Personal health data
in the palm of your hand

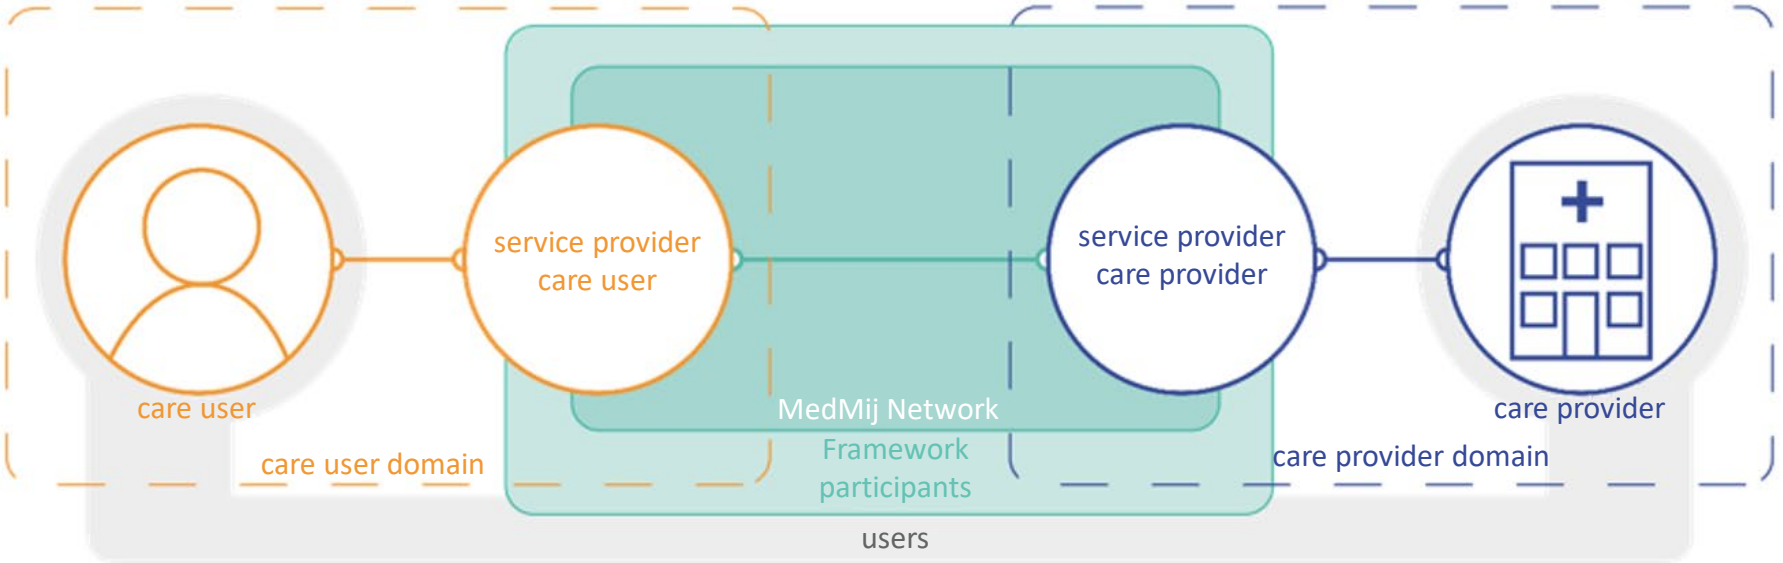
MedMij
MedMij

Mission

MedMij is a framework that facilitates

- interoperability and integration
- information models for data structure and interchange
- enhanced privacy & security
    - Privacy by design
    - User consent before data sharing

Care user and care provider



The MedMij Foundation aims to give people more control over their own health data for life by enabling and stimulating data exchange in accordance with the MedMij arrangement system

Secure online exchange
of personal health data
